Hybrid Composite Wood Blinds

## The beauty of wood.... only better

Bring the elegance, warmth and look of wood blinds to your windows with Fidelis. You'll find an expansive collection of colors and finishes that will stand up to the elements like no wood blind ever could.

Harmony

Simplicity

### Valances

Add the perfect crowning touch to your blinds with a decorative valance. The sleek Harmony valance is standard.

# Options Galore

## Decorative Tapes

Add a touch of color with a wide assortment of solids and prints to complement your decorating theme.

## Light-Ban™

Blocks most incoming light with the elimination of roud holes. Ideal for maximum privacy and light control plus provides a sleeker look.

## Motorization

Perfect for hard to reach windows, our motorization systems let you operate individual blinds or groups of blinds.

- DigiDrive™ Battery operated motorization lets you tilt your blinds with a remote.
- Ascent™ Motorization lets you lift and tilt your blinds with a switch or remote.

Modesty

## Valance Upgrades

Enhance the look of your blind to fit your decorating style with optional valance choices.
